

## AAB COMPETITOR / ENTRANT RACING LICENCE APPLICATION / RENEWAL / UPRGRADE FORM 2025

### **GUIDANCE FOR APPLICANTS**

The Automobile Association of Bangladesh (AAB) is the Fédération Internationale de l'Automobile (FIA) Member Club from Bangladesh and the National Sporting Authority (ASN) for motorsport. Only AAB is authorised to issue FIA Racing Licences for Bangladeshis, whether based in Bangladesh or abroad.

New racing licence applicants must meet the eligibility and experience requirements set out below. The appropriate grade of racing licence must be held in order to participate in motorsport events in Bangladesh and abroad. Studying at AAB's Motorsport Academy is recommended for all applicants and required for most grades of licence.

Existing racing licence holders must renew their licences by 31 December 2024 in order to use their licences from 1 January 2025. National and International racing licence applications and renewals must be accompanied by AAB's 2025 Medical Form completed by a medical doctor. Racing licences are valid only to the end of the calendar year although applications will be accepted at any time of year.

Motorsport can be dangerous and should only be attempted in an AAB-sanctioned environment. Driving in an illegal manner on public roads constitutes a breach of the conditions of this racing licence, as well as the FIA's International Sporting Code and AAB's National Competition Rules. Any such breach would result in suspension or revocation of the holder's racing licence. Participation in unsanctioned motorsport events within Bangladesh or abroad also constitutes such a breach and may result in suspension or revocation of the holder's racing licence. Promotion or glorification of illegal driving on social media is strictly prohibited.

### **LICENCE GRADES, ELIGIBILITY AND FEES (Bangladesh Taka)**
